 @krlanyager

## BIOGRAPHY

Karlan has been a CFO for more than 20 years, with extensive experience in manufacturing and distribution industries. He has worked at small, mid- to large companies, along with differing ownership from privately-held corporations, family companies to private equity firms. He has been the CFO and COO at a variety of companies including Ceva Animal Health, Central Fiber, Broderson Manufacturing and Martec USA.

As a forward-looking strategic thinker, Karlan is skilled at internal controls, process improvements, data analysis and financial oversight. He is an operational CFO that enjoys working with company leaders to align their goals and execute strategies.
