## BIOGRAPHY

Karlan has more than 20 years of CFO experience working primarily in the manufacturing and distribution industries. His experience ranges from working at small, midsize, and large companies that were family-owned, privately held corporations, or private equity owned.

As a forward-looking strategic thinker, Karlan is skilled at process improvements, creative problem solving and financial oversight. His strength at identifying and utilizing leading indicators to drive financial performance, along with his ability to analyze data to identify patterns or relationships has led companies to improve operations and thrive. He is an operational CFO with experience performing COO-type work. Karlan enjoys working with company leaders to align their goals, execute strategy, and create value.
